RUNAWAY BOYS FOUND BY STORY

DEMOCRAT-FORUM'S EXCLUSIVE NEWS EFFECTIVE.

WERE AT HOLBROOK HOME IN N. W. COUNTY

Homer Pendergras and Lawrence Pastorius Told Skillful Tale of Desertion and Travels.

Score another for The Democrat-Forum. Our story of Tuesday concerning Lawrence Pastorius and Homer Pendergras found the boys. The 13-year-olds ran away last Saturday and nothing was heard of them by the parents until last night, when this office was notified of their whereabouts, and in turn notified the parents. The news was printed exclusively in this paper.

And the story of their trip is an echo of Boy Scout's books, and all the lore of a boy's library. The two boys saw a small ad in the Kansas City Star recently of a rancher in South Dakota who wanted two boys to work for him. That gave them the idea of the place to go toward.

So Lawrence and Homer headed northwest last Saturday afternoon. That night was spent at the Nelson home, west of Pickering. Sunday afternoon they appeared at the home of George Holbrook, Jr., eight miles west of Hopkins.

Here it was that the boys' imaginations began to work. They said that they were the sons of John Maybee of Beulah, S. D., and that their father had taken them to St. Louis with him to buy cattle, and had either lost or deserted them. Their mother was dead and they were making their way back to South Dakota.

George Holbrook, Sr., told the story this morning when he brought the Pastorius boy home and laughed continually in the telling. For the whole family and neighbors were completely fooled. If the article had not appeared tickets to South Dakota would have been bought.

The Story the Boys Told.

A purse of $3.50 was made up, the boys were fitted in warmer underwear and a pair of overalls each. Compassion and pity took possession of all as the youths told of the three weeks it had taken them to get from St. Louis, sleeping outside every night but two. And the boys described in true scout style just how they prepared "dug-outs and leantos" to sleep in.

After a good meal the boys were allowed to go toward Braddyville with a letter of introduction to a man in Clarinda. They intended to take a 5 o'clock train at Braddyville but missed it and stayed all night in a restaurant there. Monday morning Mr. Holbrook phoned in and told the boys to return to his home and stay there until a letter should be sent to their father. They agreed to this and a letter was sent to John Maybee, who placed the ad in the paper. He no doubt has been very puzzled and surprised by this time.

The boys had a revolver with them of 38-calibre and were supplied with cartridges. They said that they had shot game with it along the way, but the Holbrooks made them unload the gun and put it in a box. So they remained there from Monday until the issues of The Democrat-Forum were received.

"The minute I saw the article," said Holbrook, senior, "I became suspi-

LIST COMPILED BY BURLINGTON JUNCTION POST.

ALL ON OR ABOUT MARCH 1

Many Came Into County From Those Adjoining—Towns Gained by Changes.

"Moving Day" was officially ushered in Wednesday, March 1, but many changes have been made since that time and it will be several days until everybody is comfortably located for the year. Moving was a much easier task this year than last, as the roads were in fair condition and the weather was favorable. It will be remembered that on March 1 last year it was a task for four horses to pull an empty wagon.

While it is practically impossible to get all of the changes being made this year, the Post has succeeded in obtaining most of them:

Roy Sharp has moved from the L. O. Staples south farm to the Geo. Jones place west of town and will farm some land there this year. R. K. Archer, who has been living on the H. C. Hiles farm the past year, will move to Lester's place.

Elza Surface has moved from the old Mericle farm west of town to St. Joseph, and Clyde Horn has moved from the Manley farm to the Mericle place.

N. Grimsley is now located on the John Miller farm, which he bought recently, and Chas. Grimsley has moved from near Maryville to his father's place.

J. J. Irwin has moved from the Caldwell ranch to one of Bilby's places and his address will be Tarkio.

MAY HAVE NO GAME

WRANGLE BETWEEN SUPT. WESTBROOK AND PLAYERS.

WANTED TO GO THIS A. M.

When Request Was Refused, Five Men, Four Regulars, Went Anyway and Are Ruled Out.

Will there be a Benton-St. Joseph game tonight or not? That is the big question around the Maryville high school today. The team wanted to go to St. Joseph this morning so that they might get supper early and have a little practice and rest.

Superintendent Westbrook was firm in his decision that the team should not go down until the 4:44 Burlington this afternoon, and that he would accompany the team. Furthermore, if any of the members of the team did go this morning they would be ruled out of the game.

After much argument back and forth between players, members of the school board and parents, Hughes, Captain Tilson, Crawford, Nixon and Woodard went to St. Joseph anyway this morning.

Superintendent Westbrook announced to the team that none of the men would be allowed to play tonight. Those who remained at first refused to go. After a private conference and plea from Coach Becker, the players agreed to go if the expenses of the

The Democrat-Forum Has Four More Pictures for the Last Day of Baby Week.

Four more pictures of Maryville babies of today are given today in adjoining columns, and The Democrat-Forum has four more left for tomorrow, in order to close up our celebration of Baby Week in good style. Yesterday we gave some of the "kings," and today some of the "queens" of Baby Week.

Sarah Ruth Cox, daughter of Rev. and Mrs. G. S. Cox, whose picture is in the group, won first prize as the prettiest girl baby at the baby show at the county fair last fall.

CONTROL OF CONTAGIOUS DISEAS

Paper by Dr. F. M. Ryan.

In presenting this subject to this meeting I have thought it likely that the best good may be obtained by conveying to you the thought that the control of contagious and infectious diseases rests fundamentally on two propositions.

First. There must be co-operation among the medical fraternity of the community and second, the citizens must co-operate with the physician.

It is a matter of pride to this community that with the first of these propositions we have but little trouble. The membership of the Nodaway County Medical Society is fortunate in that it is made up of a body of men who know and understand their responsibilities to the public and appreciate the fact that upon them rests a duty which if not properly performed in the matter of contagious diseases would result disastrously to the community. With this consciousness of self, and duty, we have not here the bickerings and individual jealousies among the medical fraternity that frequently exists in other communities, and with that thought I pass to the second proposition.

Second. In the second proposition our community is not so fortunate, but I take it that we are not more unfortunate than other communities. The control of contagion rests primarily upon a close and initmate co-operation between the parent and the physician. Without this co-operation the physician, however skillful he may be, is helpless.

The researches of our profession reveal that the most potent weapon with which to strike contagion is the quarantine; and it is indeed unfortunate that this weapon is hated and despised by practically every citizen. When a case of contagion is discovered in any community, the safety of that community demands an immediate quarantine of the patient, and that the quarantine when once estab-

NAME CONTESTANTS

NORMAL LITERARY SOCIETIES PREPARING FOR EVENT.

ANNUAL SPEAKERS' MEET

Eurekans and Philomatheans Announce Representatives—Excelsiors Undecided.

The Eurekan and Philomathean Literary societies of the Normal selected their preliminary contestants yesterday for the annual inter-society contest which will take place the last of April or the first of May. It will be remembered that the first annual contest was held last year in which the latter society won by an overwhelming margin. The Eurekans have felt the defeat very much but their sadness has assumed the garb of revenge. The Philos feel that it is going to be a real fight and they do not expect to lose any efforts by the wayside celebrating last year's victory.

Henry Miller who won the oratorical contest for the latter society, and who was a member of the debating team which won, is not eligible to represent his society in those particular contests.

The following are the preliminary contestants:

Eurekan Society.

Oration, Lowell Livengood, Earl Borchers, Charles McReynolds.

Debate, Phil Colbert, Wilfred Wakeman, Maurice Fitzgerald, Lowell Livengood, Earl Borchers, Joe Farmer.

Reading, Elizabeth Sobbing, Merle Searbrough, Olivette Godsey, Gladys Meadows, Vida Iris Heflin.

Essay, Myrne Converse, Mahala Saville, Maurice Fitzgerald, Lillie Hall, Matie Evans.

Philomathean Society.

Oration, for finals; William Utter.

Debate, Eleanor Ritchie, Charles Myers, Bruce Wilkerson, R. O. Evans, Newcomb Wagers, Carrie Coler.

Reading, Elizabeth Hoover, Iva Barnes, Sarah Stanley.

Essay, Not yet selected.

The Philomathean society will have their preliminaries March 30 and April 6, with the following judges: Professors Foster, Swinehart and Miller. But the Eurekans have not yet decided upon the dates of their preliminaries.

The Excelsior society just organized this year, has not announced its plans as to participation in the contests.

Miss Amy Clark left this morning for Kansas City, where she will be the guest of friends for several days.

FRENCH HAVE VAUX

REPORTS OF CAPTURE OF VILLAGE DENIED.

GERMAN STRONG AS EVER

French Experts Admit 19th Day Finds Teutons Pounding Fiercely on Verdun.

Special to The Democrat-Forum.

Paris, March 10.—Despite German claims that Vaux and Fort Vaux, north east of Verdun, have been captured, French critics, basing their contention upon official information, insist that both positions are still held by the French.

Reports from both sides, however, make plain that some of the bloodiest fighting around Verdun has taken place in and around Vaux, which has been entirely destroyed by the bombardment.

This is the nineteenth day of the conflict and yet no end in sight. Some of the experts admit that they were mistaken when they declared the Teutonic assaults are growing weaker. Using their men in the old style shed formation the German generals are attacking with the same vigor that has marked the early stages of the battle.

Portuguese Into Fighting

Lisbon, March 10.—All Portuguese reservists both military and naval were called to the colors today. It is expected that the Portuguese troops will take an active part in military operations.

French Steamer Torpedoed.

Havre, March 10.—Bound from American to Havre, a French steamer, Louisiana, was torpedoed and sunk by a submarine Thursday off the French coast. The crew escaped.

Another French Ship Down.

London, March 10.—The French steamer Ville du Havre, of 5,000 tons, submarined and sunk and two members of the crew are lost.

"CATCH OR KILL VILLA"---WILSON

INVASION OF MEXICO APPROVED BY CABINET.

"WATCHFUL WAITING" ABANDONED BY U. S.

General Funston Will Be Placed at the Head of 5,000—Republic to Be Respected.

Special to The Democrat-Forum.

Washington, March 10.—President Wilson today ordered that Villa be either captured or killed at any cost. The United States army to undertake this expedition will be sent into Mexico as soon as possible.

The war department is now considering the particulars of the army. The action was decided at today's special cabinet meeting. There was a unanimity of opinion of those present that there could be no more temporizing.

Secretary Tumulty announced:

"An adequate force will be sent at once in pursuit of Villa with the single object of capturing him and putting an end to his forays. This can be done with the entirely friendly aid of the constituted authorities of Mexico and with scrupulous respect for the sovereignty of that republic."

General Funston was designated as commander-in-chief of the expedition with probably five thousand troops. Telegraph advices from El Paso are that Villa has gathered his forces again and is moving on Columbus, N. M., from the west.

Cabinet Approves Invasion.

The American troops followed Villa into Mexico with the sanction of the war department.

The invasion of Colonel Slocum was within international law, according to officials of that department, because the troops were following a "hot trail." No answer has been received from Carranza as to his attitude.

Brigandage Continued All Night.

El Paso, March 10.—Mexican raiders crossed the border early this morning in small bands and raided a number of ranch houses, but did not murder any Americans.

Villa's command has broken into small groups, which are invading the United States points between Columbus and Hachita.

The raiders re-entered Mexico at daylight this morning. Practically all ranches raided were deserted by Americans, who took their families to Columbus when news of expected raids were given them over the telephone.

Reinforcements from El Paso have reached Victoria, which was reported in danger of an attack by the invaders last night. The Twentieth infantry was reinforced by the Seventh cavalry at Hachita, which was also reported last night in danger of an attack by the invaders. Large bands of Mexicans have been near Hachita early this morning, but made no attempts to enter.

The Americans wounded yesterday in the raid at Columbus doing nicely and no further deaths are reported. The total number of dead is seventeen.

"FARM IN GOOD SHAPE"

SAYS COUNTY COURT AFTER VISIT TO INFIRMARY.

Judges Give Reasons for Thinking Conditions Are Satisfactory—No Deaths This Winter.

"The patients in the county farm live better than three-fourths of the people who pay the taxes to keep them there," said the county court today in answer to criticisms of D. L. Edson of the State Board of Charities and Corrections. The court visited the farm yesterday.

The judges said that they found that the roof leaked as did most of the other flat roofs after the ice and sleet. As for the care of the patients, three of the men are good hands for doing the farm work and one of the women works considerably around the house.

The judges point to the fact that there has not been a death at the county farm this winter as proof that the sanitary conditions are good. The county physician has not made a single call at the farm since Christmas.

I hereby announce my candidacy for alderman from the third ward of the city of Maryville at the election, Tuesday, April 4. J. A. SPEIRS.

The Journal recently spoke of "Cal" Pierce of Maryville, in connection with the governorship of Missouri, and here is what Col. NEW B. J. CLUB TO ENTERTAIN

Motion Pictures, Music and Speeches in Free Program for Community March 18.

In order to carry its message direct to the farmers and to better promote community spirit, the Burlington Junction Commercial club is arranging for a big "get together" meeting, which will be held in the Grand opera house Saturday afternoon, March 18. This meeting will be in the form of a free entertainment, and the Commercial club asks the farmers to be its guests on that day.

The committee on arrangements has planned a program that will consist of four good reels of motion pictures, musical numbers by Miss Madge West and Miss Gladys Praiswater, and interesting talks by Rev. Orlando L. Sample and Rev. Horace S. Weaver on the relation of the town and the farming community.—Burlington Junction Post.

CONSCIENCE FUND UP $30,000.

Largest Amount Ever Returned to the United States.

Special to The Democrat-Forum.

Washington, March 10.—The treasury department's "conscience fund" was made richer by $30,000 today. It was the largest sum ever contribuated to the fund. The money came in a letter dated Philadelphia, but postmarked New York.

The writer stated that it was to return money stolen many years ago. The letter failed to say how or where the money was stolen.

Allen Bros. Hear From British Columbia.

Allen Brothers received an interesting letter this week from Montgomery and Green, Blackwater, British Columbia, listing some land with them. The letter states that this is the first firm with whom they have listed, as the Maryville firm was highly recommended for the selling of Canada land.

A New Method of Baking Cakes

Mrs. Nevada Briggs, the baking expert, says:

"There is just one way to make your cakes rise high and evenly—give them time to rise before a crust is formed and the batter is stiffened by cooking."

"If using a gas, gasoline or oil stove, light your oven when you put the cake in and keep the flame low until the cake has doubled in bulk; then increase the heat until it is evenly browned and will respond to the pressure of the finger. If using a coal or wood range, leave the oven door open until the cake is in; then turn on the drafts and by the time the oven is at baking temperature, the cake will have raised sufficiently."

For rich, moist, feathery cakes Mrs. Briggs always recommends

KC BAKING POWDER

It is double acting and **sustains** the raise. You can open and close the oven door, turn the tin around in the oven or do anything else necessary, without any danger of making the cake fall.

Try your favorite cake next time with **K C Baking Powder** and see how much higher it will rise. Make it just as you always do, with the same quantity of baking powder. While **K C** is less expensive than the old fashioned baking powders, it has even greater leavening strength and it is guaranteed pure and healthful.

WHAT DOCTORS SAID

(Continued from page 1.)

lished be rigidly enforced.

It is evident that the inconveniences and personal sacrifices which must naturally follow a quarantine in the home, has caused the condition to prevail which of itself aids in the spread of the disease. A child becomes sick in the school and returns home to the parent. The parent oftimes sees in the appearance of the child symptoms which causes even him to suspicion that it may be small pox or scarlet fever or some disease of like character.

Wont Make Any Sacrifice.

He knows that if it becomes publicly known that his child is so afflicted he will be placed under quarantine, and here arises the greatest trouble. Rather than submit himself to this inconvenience and make this sacrifice for the good of the community he takes the exact opposite course He will claim either that the child is not sick at all, or is not sick enough to require the calling of a physician, and permits the child to associate with its neighbors and perhaps to return to school, at the clearing of the initial symptom.

If perchance he calls a physician, and that physician in the discharge of the duties to himself, his patient, and the public, announces that the child has a contagion requiring a quarantine, this parent flies into a rage, disputes the diagnosis, and declares that this particular physician does not know a case of contagion when he sees it. If the physician is persistent and establishes a quarantine, the first thought of the parent is not to properly maintain it, but he immediately devotes his thoughts to inquiring as to how long it will have to be maintained, and in what way he may avoid it and regain what he calls his personal liberty.

Thus creating the exact opposite of the conditions which ought to prevail for the prevention of the spread of the disease. It should be the first duty of every parent upon the discovery of any symptoms which may cause him to suspect that his child may be afflicted with smallpox, which is now prevalent in a mild form in our city and surrounding country, to immediately call a physician and have the matter carefully looked after, not only in the interest of the child, but for the protection of the community at large.

Smallpox in Four Forms.

Smallpox is properly said to be in four forms, viz: Variloid, discreet, hemoragic and confluent.

The first of these in themselves may not be serious nor attended by any dangerous results; but the seriousness arises in the fact that either of these two may, and when not properly handled, does, converge into one of the other two, which may and likely will result either in the death of the patient or leaving him in a condition destructive to his future welfare.

I point out this danger to you, in the hope that you may heed the warning, and by so doing benefit not only yourself and your family, but that you may not be the cause of spreading the disease among your neighbors and friends. Co-operate with the physician, aid him all you can, and in the end you will have no cause to regret that you have made the personal sacrifice.

In concluding these thoughts, I say to you that the inconvenience of the quarantine of which I have spoken, the cost to the public in its effort to control, as well as the disease of smallpox itself, could all be avoided by universal vaccination.

Vaccination is in itself simple, harmless and inexpensive. Yet there is no doubt but that if properly and universally done, it would in a short period of time entirely and completely eradicate the disease from the human race.

I commend it to you, as your health officer, and urge upon you that it is a duty which you owe to yourself, your family and your country, to see that all the members of your family are vaccinated by some competent physician.

YOU'RE BILIOUS! LET "CASCARETS" LIVEN LIVER AND BOWELS

Don't Stay Headachy, Constipated, Sick, With Breath Bad and Stomach Sour.

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

GRAHAM WOMEN ORGANIZE

HOMEMAKERS' CLUB FOLLOWS M. U. EXTENSION MEETINGS.

Men Undecided as to Permanent Association—Mrs. M. M. Rhodes President.

A Homemakers club was organized at Graham yesterday afternoon at the last session of the Home Economics and Domestic Science school of instruction. Miss Bab Bell had charge of the lectures and demonstrations. At this session were 150 women, but not all joined the club.

Among other business transacted the following officers were elected: Mrs. M. M. Rhoades, president; Mrs. E. W. Geyer, vice-president; Mrs. R. H. Swank, secretary. The permanent organization will be completed at the next meeting which will be Saturday, March 18, in the director's room at the Citizens Bank.

It was decided at the meeting yesterday to meet twice each month and also to follow the programs as prepared by the Missouri University extension course.

The club can secure personal help from the Extension course twice during the year and when they are permanently organized, during the canning season and in the winter.

The club has not yet made definite plans as to work but it is hoped to continue the lectures at the meeting using local talent, when home sanitation and helpful hints will be thoroughly gone into.

The Agricultural lectures and demonstrations continue to draw large and interested crowds of farmers. A permanent organization probably will not be made.

Following are the men of the Graham community who were instrumental in bringing the course there this year:

E. W. Geyer, P. E. Brown, R. E. Geyer, F. P. Fleming, F. W. Baker, W. H. Alloway, P. A. Royston, Jake Eckles, True Taylor, R. H. Swank, Dan McGrew, S. D. Harlan, T. N. Danes, Jas. Lyle, F. N. Ozark Mothers Used To Be Afraid To Go To Bed At Night

Now Sleep Soundly Since They Have Found a Sure Preventive For Croup.

Many mothers, besides those of Ozark, Mo., have been afraid to sleep at night for fear of being awakened by that dread croupy cough. Mrs. H. H. Givan and Mrs. J. J. Cave, both of Ozark, have found, in common with many other Missouri mothers, that a jar of Vap-O-Rub in the house insures a good night's sleep.

Vap-O-Rub is the external treatment for all forms of croup or cold troubles, introduced here from the South last winter. It is in salve form and you just rub it over the throat and chest, covering with a warm flannel cloth. The body warmth releases antiseptic vapors that are inhaled with each breath, loosening the phlegm, and, in addition, Vick's is absorbed through and stimulates the skin, relieving the tightness and soreness. Croup is usually relieved in fifteen minutes, and a good application at night will, in almost every case, prevent a night attack.

But let Mrs. Givan speak for herself. She writes—"I have used Vick's Vap-O-Rub on my little girl for croup. I rubbed it on her chest and throat and it is just splendid, and I wasn't afraid to go to bed at night."

Mrs. Cave says—"I find Vap-O-Rub the best thing I have ever used for colds, sore throat, croup and all kinds of skin troubles for children. I could not do without it now, as it saves calling a doctor."

The penetrative quality of Vick's makes it excellent also for inflammations of the skin, such as burns, bruises, itchings, piles and muscular soreness. In these cases, particularly in cases of burns, it seems to draw out the inflammation and has a delightfully cooling effect. Three sizes, 25c, 50c or $1.00. The Vick Chemical Company, Greensboro, N. C.

cious that the boys belonged in Maryville. I was just on the point of calling up my son when he called me and said that the boys had owned up. He too had seen the article in The Democrat-Forum.

"So I called you up, and not long after Mr. Pastorius called me. His son was ready to come back. But the Pendergras boy kicked and cried and screamed and said that he would not come back. So I brought the one boy back with me today. My son is willing to keep the other one if his parents do not demand his return."

Although the Pastorius boy slipped away several times before, he always phoned back within a short time from some relative's home. Both of the boys were great readers of stories for boys and were well versed in Boy Scout lore. Lawrence is the son of Mr. and Mrs. O. A. Pastorius, 128 South Main.

Mr. and Mrs. T. F. Pendergras are the parents of Homer. His own mother is dead, however. The revolver which the boys took was the property of Mr. Pendergras. An agreement was reached this afternoon and the Pendergras boy will remain at the Holbrook farm for a time.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

"CATCH OR KILL VILLA"---WILSON

(Continued from page 1.)

Across Border Several Times.

El Paso, March 10.—General Pershing received word this morning that the Villa forces had crossed the border into American territory at several points during the night. He expressed confidence that the situation was well in hand.

Villa Personally Leads Raid.

Washington, March 10.—Collector of Customs Cobb at El Paso telegraphed the state department that he had received reports that Villa has two thousand men hiding in the mountains near Chihuahua and said he had received positive advices that Villa personally led the attack on Columbus, N. M.

MAY HAVE NO GAME
